**B. Read and complete** the text about Antonella and Jaime's favorite movies, using the bold words from the chart in exercise A. *You can complete in your notebook.*

#### My Favorite Movie

My favorite movie is *Avengers: Endgame*. I was very happy when it came out!

I (1) everything in that movie. The action, the special effects, and the characters!

My favorite thing about the movie are the characters. I really (2) Thor!

The one thing that I (3) about superhero movies is that there are too many! I don't have time to watch all of them.

I (1) superheroes, so I don't watch superhero films. Instead, I prefer *Star Wars* films! My dad really (2) them, so when I was little he showed them to me.

What (3) about the movies is that they are too long, but I still watch every new *Star Wars* film. I am really glad that we have new movies! And my dad (4) the new movies too, so we watch them together.
